

RVGUARD FEATURES/BENEFITS

FEATURE	INCLUDED/OPT.	BENEFITS
10 WATT Solar Panel	1 Included	Provides constant charging giving you a virtually "maintenance free" alarm
Installation Friendly Terminal Strip	1 Included	Mounted to the custom circuit board and labeled for easy hookup. Terminal Strip accommodates wire gages up to 12 AWG
Brake Locking Relay	1 Included	Assists in locking trailers brakes when activated making your trailer unmovable. System Flashes trailer lights when arming, disarming and when alarm is activated
Backup Battery	1 Included	Adds days of protection to your trailer even if charging is unavailable
Weatherproof Door Switch	1 Included	Tough, durable, hardwired and installed inside your trailer. Add as many door switches as needed to protect every door on your trailer
Adjustable Vibration Sensor	1 Included	Recognizes attempts to vandalize, climb on or even move your trailer and activates alarm
Internal Siren	1 Included	Has six 124DB tones demanding attention to your trailer
External Siren	1 Included	Has six 124DB tones demanding attention to your trailer and is mounted under trailer
Additional Charging Port	1 Included	Added for AC hookup or for extra charging from a second battery source if solar availability is limited
Battery Voltage LED Indicator	1 Included	Gives you a quick check on battery power with the three color LED. *Press push button for status
Alarm Status LED Indicator	1 Included	Visible from outside of your trailer and blinks to let you and others know your trailer is protected.
Keyswitch	Option	Comes with two matching keys- Add as many keys as needed- Keys can match other alarm systems as well
Remote Controls	2 Included	Arm, disarm and activate panic mode. 2 additional remotes can be added to each system
PIR Motion Sensor	1 Included	Wide angle multi-focus lens that detects motion with infrared light. Add an additional PIR motion sensor for a second zone or tie into door switch series
Deep Cycle Battery Charger	1 Included	Great for powering system if trailer is stored inside, or when solar energy is limited
AC Power Adapter	1 Included	Great for powering system if trailer is stored inside, or when solar energy is limited
10" x 9" x 4" 16 Gage Steel Enclosure	1 Included	Bolts to the inside trailer wall, unreachable to would-be thieves
Screw Cover Lid With Locking Tab	1 Included	Prevents tampering with alarm while trailer is open, unarmed and otherwise unattended
Custom Brackets	1 Included	Hold battery in place during travel
Hook Up Kit	1 Included	Provides you with all hardware and wiring you need to install system. *Hookup kit excludes brake wire, as no industry standard exists for wire
Knock Out	1 Included	Provided for option of side installation of wires
Detailed Schematic	1 Included	Adhered to inside of cover lid
Detailed Installation Instructions	1 Included	Walks you through the install process with photos and helpful tips. Installation DVD coming soon
Alarm Logic	Included	"Numbered" chirps indicate status of alarm and trailer
Lifetime Warranty	Included	On all components and accessories (2 year warranty on battery)
Ease Of Adding Accessories	Add additional door switches, sirens, up to 4 remotes, strobe lights, keyswitch and up to 4-two-way pagers	
Two-Way Pager	Option	Add 1/2 mile coverage of notification of any violation- Add up to Four pagers per system
Two-Way GPS	Option	Control your alarm, receive e-mail/text message notifications and check status from any computer via the internet
